

? How will you be informed about your loved ones need for help at the earliest?

? How secured are you when you leave your home?

? Do you know the uncertainty that surrounds you?

Isn't it wiser to be proactive than to regret it later?

A Stich In Time Saves **9**

Being Alert is a structured podium whereby in an EMERGENCY the victims family can be traced & informed immediately using the Alert ID System.

With the rise in the statistics of accidents & natural or manmade tragedies it leaves one to fall prey to various adversities. Subsequently, many have to succumb to a lifelong disability while many pass away due to **UNTIMELY COMMUNICATION** to their families. Being Alert facilitates to contact the family members at the earliest that accelerates the process of his timely treatment.

HOW IT WORKS®

Being Alert works **For the People, With the People & By the People**, facilitating you to help yourself in an emergency. By joining the community today you add on to the awareness & you can be self dependant in an emergency. In case of any mishap, accident witnessed, all members are aware to look out for the **Alert Id** On the **Being Alert's Phoo Phoo**

that may be attached to the victims possessions such as Key/Bag Tags, Alert Card, Member Vehicle stickers, etc, and call **HELPLINE** & give the Alert ID. Within no time the information is communicated to the victims Emergency Contacts.

Relevant Authorities, Police, Doctors & School /Colleges can make use of the Being Alert System to ease out the task and they can act without any delay when every second is crucial to save a life.

Prominent awareness shall be spread using the latest advertisement tools thru print & electronic media
